The Wild Life: High-Energy Alt/Pop-Rock laced with Punk and Grunge, Now Booking Shows for 2025

Frankenmuth, Michigan – The Wild Life, a high-energy, thoughtful, alt/pop-rock band with an undeniable punk flair, is now booking shows for 2025. Channeling the infectious melodies and upbeat vibes of bands like “Weezer” and “OK GO”, The Wild Life brings a fresh twist to a classic genre, with catchy hooks and heartfelt lyrics that resonate with fans of all ages.

About The Wild Life

“The Wild Life” hails from Frankenmuth, Michigan, an alt/pop-rock band infused with punk and grunge influences. Founded in 2024 by introspective singer/songwriter Phillip Horny and seasoned heavy metal drummer Chad Moore (“Reinventing Yesterday”), the ever-positive duo quickly bonded and found unexpected success in their first studio recordings, which included their engaging single, “Pocket Friend”. The band has since grown to include 2 more ex-metalheads, multi-instrumentalist and seasoned songwriter, Andy Dalton (“See You Next Tuesday” and “The Fireside Wake”) on lead guitar, and experienced musician and tattoo artist Tim Bruek on bass, completing their quartet of “brothers-from-other-mothers”. With the power of positive energy, a willingness to step outside of comfort zones, and a desire to create a sound that is both nostalgic and modern, “The Wild Life” aims to deliver poignant songwriting and a live show that is a truly dynamic and “wild” experience.
